RE: 4Seasons

Dear Marilyn,

I just wanted to send a quick note filled with praise for your "4Seasons" product. We have been using your pothole filler to repair our parking lots for over 5 years. The product is easy to use and lasts a very long time. I wouldn't use anything else to fill our potholes!

For years and years we used cold-patch products which never lasted more than a few weeks or months. I currently have several stores that were repaired with "4Seasons" that have lasted years!!! I recommend this product to anyone looking for a durable, affordable solution to pothole problems.

Thanks so much for the great product and A-1 service!

Todd Johnson
